

The Protocols of Zion: Introduction and Synopsis

This is required reading to understand the world in which we live. The Protocols exhibit a pathological hatred for non-Jews, and a desire to undermine and exploit them. The Protocols were part of an "initiation" for 33 degree Masonic Jews. Most Jews are unaware of this agenda and therefore are easily manipulated. "Anti-Semitism is indispensable to us in the management of our lesser brethren." (Protocol 9)

Protocol One Refers to the plan as "our system." Says men are governed "by force": "By the law of nature right lies in might." Most men are willing to betray their fellow man for profit. (The "end justifies the means" is the Communist motto.) The promise of "freedom" (i.e. liberalism, reform, revolution) is used to take power from the Old Order (monarch, landed aristocracy, church, army) and transfer it to our hands, the power of "Gold" and the despotism of Capital which is entirely in our hands."

The State is dependent on us, or it "goes to the bottom." If the state can be ruthless in subjecting an external foe, surely an "internal foe" i.e. Masonic Jews, who are "the destroyer of society and the Commonwealth" are justified in using any form of subterfuge. Morality is an obstacle to successful conquest and liability to any political leadership.

quote-the-only-statement-i-care-to-make-about-the-protocols-is-that-they-fit-in-with-what-henry-ford-69-49-04.jpg

The goal is to "scatter to the winds all existing forces for order and regulation" and to become the "sovereign lord" of those so stupid as to lay down their powers and fall for liberal entreaties. Their power is "more invincible" by virtue of "remaining invisible" until insurmountable. This is a "strategic plan from which we cannot deviate" or risk "seeing the labour of many centuries brought to naught."

"Our countersign is--Force and Make-believe" i.e. deception. The writer emphasizes that the goal is to "seize the property of others" and "bring all governments into subjection to our super-government."

The words "Liberty, Fraternity, Equality" were "baits" the Masonic Jews used "from ancient times" to overthrow "the genealogical aristocracy of the goyim" which was the peoples' only defence. It will be replaced by the "aristocracy of money." Throughout history, they have played upon the greed, lust and vanity of men to ensnare their agents. In other words, "democracy" is a perfect instrument for their covert control. Monarchs were much harder to subvert. Democracy, the "replacing of representatives of the people" has "placed them at our disposal" and "given us the power of appointment."

Protocol Two: "Wars as far as possible should not result in any territorial gains," but should demonstrate to both sides their dependence on "our international agentur" [i.e. agents] which "possess millions of eyes ever on the watch and unhampered by any limitations whatsoever."

This implies they control the outcome of wars and have millions of spies (Masons, Jews?) "Our international right will then wipe out national rights..." as the civil law of states rules their subjects. Gentile leaders ("administrators") will be chosen for their strict obedience and will be run by "advisors." The goyim "can amuse themselves until the hour strikes..."

We have implanted the false doctrines "by means of our press arousing blind confidence in these theories." "Think carefully of the successes we arranged for Darwinism, Marxism, Nietzscheism. To us Jews, at any rate, it should be plain to see what a disintegrating effect these directives have had upon the minds of the goyim."

press.jpg

The Press has fallen into our hands. It fashions the thought of the people. Its role is to express and create discontent. Thanks to the Press, we have the Gold in our hands though we sacrificed many of our people. Each... in the sight of God is worth "a thousand goyim."

Protocol Three: "We have made a gulf between the far-seeing Sovereign Power and the blind force of the people so that both have lost all meaning, for like the blind man and his stick, both are powerless apart."

"Of States we have made gladiatorial arenas where a host of confused issues contend..." "We appear on the scene as the alleged saviours of the worker... and we suggest that he should enter the ranks of our fighting forces--Socialists, Anarchists, Communists-- to which we always give support in accordance with an alleged brotherly rule (of the solidarity of all humanity) of our social masonry. The aristocracy... was interested in seeing the workers were well fed, healthy and strong. We are interested in just the opposite--in the diminution, the killing out of the goyim."

Protocol Four: "Who and what is in a position to overthrow an invisible force? And this is precisely what our force is. Gentile masonry blindly serves as a screen for us and our objects but the plan of action of our force, even its abiding place, remains for the whole people an unknown mystery." Freedom would be possible if it rested "upon the foundation of faith in God, upon the brotherhood of humanity, unconnected with the conception of equality, which is negated by the very laws of creation..." "This is the reason why it is indispensable for us to undermine all faith, to tear out of the minds of the goyim the very principle of Godhead and the spirit, and to put in its place ...material needs." Goyim must have no time to think but rather must be diverted to industry and trade.

"All nations will be swallowed up in the pursuit of gain and in the race for it, will not take note of their common foe." We must put industry on a "speculative basis" so wealth will pass to our classes. The rat race will create, no has already created

"disenchanted, cold and heartless communities." This materialism will allow us to direct the lower classes of the goyim against our rivals for power "the privileged and... the intellectuals of the goyim."

Protocols Five - Stranglehold on personal freedom as in Communist states

The author states that despotism is necessary for the world he is creating, one "where the feelings toward faith and community are obliterated by cosmopolitan convictions."

The following is the rationale behind communism and the war on terror. "We shall create an intensified centralization of government in order to grip in our hands all the forces of the community. We shall regulate mechanically all the actions of the political life of our subjects with new laws. These laws will withdraw one-by-one all the indulgences and liberties which have been permitted by the goyim, and our kingdom will be distinguished by a despotism of such magnificent proportions as to be at any moment and in every place in a position to wipe out any goyim who oppose us by word or deed."

Islamophobia-Onyx-Truth.jpg

The union of the goyim might have thwarted the Illuminati but "We have set one against another the personal and national reckonings of the goyim, religious and race hatreds, which we have fostered into a huge growth in the course of the past twenty centuries.... We are too strong. There is no evading our power. The nations cannot come to even an inconsiderable private agreement without our secretly having a hand in it."

"It is through me that nations reign. And it was said by the prophets that we were chosen by God Himself to rule over the whole earth... The wheels of the machinery of all States are moved by the force of the engine which is in our hands, and that engine is ...Gold. ...Capital ..must be free to establish a monopoly of industry and trade: this is already being put in execution by an unseen hand in all quarters of the world."

"The principal object of our directorate is... to debase the public mind... lead it away from serious reflection calculated to arouse resistance; to distract the forces of the mind towards a sham fight of empty eloquence." "We shall assume the liberal physiognomy of all parties, of all directions, and we shall give that physiognomy a voice in orators who will speak so much they will exhaust the patience of their hearers..."

amazonwholefoods.jpg

Protocols 6 -- We love the proletariat so much we want all the goyim to join them.

We are creating "huge monopolies" upon which even the large fortunes of the goyim are dependent so that "they will go to the bottom together with the credit of the states on the day after the political smash..."

"In every possible way we must develop the significance of our Super Government by representing it as the Protector and Benefactor of all those who voluntarily submit to us." "We want industry to drain off from the land both labour and capital and by means of speculation transfer into our hands all of the money of the world, and thereby throw all the goyim into the ranks of the proletariat. Then the goyim will bow down before us, if for no other reason but to get the right to exist."

Communism. "In order that the true meaning of things may not strike the goyim before the proper time, we shall mask it under an alleged ardent desire to serve the working classes..."

Protocol 7 -- "We control the press" (and this was 115 years ago or more)

"The increase in police forces [is] essential... besides ourselves there should only be "the masses of the proletariat, a few millionaires devoted to our interests, police and soldiers..."

"We must compel the government of the goyim" to fall in with our plan "already approaching desired consummation" by requiring them to obey "public opinion" which we control through that great power already in our hands, the Press.

"In a word, to sum up our system of keeping the government of the goyim in Europe in check, we shall show our strength to one of them by terrorist attempts and to all, if we allow the possibility of a general rising against us, we shall respond with the guns of America or China or Japan."

President_Trump_visit_to_Israel_May_2017_DSC_3545ODS_(34789024376).jpg

Protocol 8 -- Use blackmailed frontmen.

"For a time until there will no longer be a risk of entrusting responsible posts in our States to our brother-Jews, we shall put them in the hands of persons whose past and reputation are such that... if they disobey our instructions, must face criminal charges or disappear--this in order to make them defend our interests to their last gasp."

Protocol 9 --

"De facto we have already wiped out every kind of rule except our own... Nowadays if any States raise a protest against us it is only pro forma at our discretion, and by our direction, for their anti-Semitism is indispensable to us in the management of our lesser brethren."

"It is from us that the all-engulfing terror proceeds. We have in our service people of all opinions, of all doctrines, restoring monarchists, demagogues, socialists, communists and Utopian dreamers of all kinds. Each one of them is boring away at the last remnants of authority, is striving to overthrow the all established forms of order... we will not give them peace until [all states]

openly acknowledge our international Super-Government, and with submissiveness."

quote-political-correctness-doris-lessing.jpg

"In order to carry on a contested [political] struggle, one must have money, and all the money is in our hands." We have taken control of the "institutions of the goyim" using the "chaotic licence of liberalism. We have got our hands into the administration of the law, into the conduct of elections, into the press, into the liberty of the person, but principally into education and training as being the corner-stones of a free existence."

"We have fooled, bemused and corrupted the youth of the goyim by rearing them in principles and theories which are known to us to be false although it is by us that they have been inculcated."

Protocol 10 -- "Destroy the family." "Exhaust humanity with discord and corruption."

"How indeed are the goyim to perceive the underlying meaning of things when their representatives give the best of their energies to enjoying themselves?"

"By inculcating in all a sense of self importance, we shall destroy among the goyim the importance of the family and its educational value and remove the possibility of individual minds splitting off, for the mob, handled by us, will not let them come to the front nor even give them a hearing; it is accustomed to listen to us only who pay it for obedience and attention.

16.jpg

"In this way, we shall create a blind mighty force which will never be in a position to move in any direction without the guidance of our agents... The people will submit to this regime because it will know that upon these leaders will depend its earnings, gratification and the receipt of all kinds of benefits."

"When we introduced into the State organism the poison of Liberalism its whole political complexion underwent a change. States have been seized with a mortal illness--blood poisoning. All that remains is to await the end of their death agony. Liberalism produced Constitutional States which took the place of what was the only safeguard of the goyim, namely Despotism....

Then it was that the era of republics became a possibility that could be realized; and then it was that we replaced the ruler by a caricature of a government--by a president, taken from the mob, from the midst of our puppet creatures, our slaves. This is the foundation of the mine we have laid under the goy peoples."

georgesoros82.jpg

(Elder of Zion, George Soros)

"The recognition of our despot ...will come when the peoples, utterly wearied by the irregularities and incompetence --a matter which we shall arrange for--of their rulers will clamour, "Away with them and give us one king over all the earth who will unite us and annihilate the causes of discords--frontiers, nationalities, religions, State debts--who will give us peace and quiet which we cannot find under our rulers and representatives."

Thus we must utterly "exhaust humanity with dissension, hatred, struggle, envy and even to use torture, starvation, the inoculation of disease and want, so that the goyim see no other course open to them than to take refuge in our complete sovereignty in money and in all else. But if we give the nations of the world a breathing space the moment we long for is hardly likely ever to arrive."

mediacomp1.jpg

Protocol 11 -- Freemasonry an instrument of Jewish domination.

"By these combinations, I mean the freedom of the Press, the right of association, freedom of science, the voting principle, and many another that must disappear forever from the memory of man..." "The goyim are a flock of sheep, and we are their wolves. And you know what happens when the wolves get hold of the flock?"

"...we shall keep promising them to give back all the liberties we have taken away as soon as we have quelled the enemies of peace and tamed all parties... It is not worth while discussing how long they will be kept waiting for the return of their liberties..." This program is designed to gain for the Jews in an indirect way what isn't possible otherwise. This has been the basis of our organization of "secret Masonry" a motive unsuspected by the "goy cattle" attracted to the lodges. "God has granted to us, His Chosen People, the gift of the dispersion,' which has "now brought us to the threshold of sovereignty over all the world."

Protocol 12 -- "The majority of the public have not the slightest idea what ends the press really serves." [After our revolution] no one shall with impunity [question] the infallibility of our government... among those making attacks upon us will also be organs established by us, but they will attack... points that we have pre-determined to alter. Not a single announcement will reach the public without our control."

"...We shall set up our own opposition [press] which... will present what looks like the very antipithesis to us. Our real opponents at heart will accept this simulated opposition as their own and will show us their cards." "We shall have a sure triumph over our opponents since they will not have at their disposition organs of the press in which they can give full and final expression of their views."

three-zionist-stooges.jpg

Protocol 13 -- "The need for daily bread forces the goyim to keep silence and be our humble servants." "We further distract [the masses] with amusements, games... art, sport ...from questions in which we should find ourselves compelled to oppose them.

Growing more and more unaccustomed to reflect and form any opinions of their own, people will begin to talk in the same tones as we, because we alone shall be offering them new directions for thought... of course through such persons as will not be suspected of solidarity with us." "Who will ever suspect then that all these peoples were stage-managed by us according to a political plan which no one has so much as guessed at in the course of many centuries?"

Protocol 14 -- "When we come into our kingdom it will be undesirable for us that there be any other religion than ours... We must therefore sweep away all other forms of belief." We will also expose the folly of the goy governments' chase after "the fantastic schemes of social blessings, [i.e. socialism, communism] never noticing that these schemes kept on producing a worse and never a better state..."

Rabbi-Rabbinovich1-298x300.jpg

"Our philosophers will discuss all the shortcomings of the various beliefs of the goyim. But no one will ever bring under discussion our faith from its true point of view since this will be fully learned by none save ours, who will never dare to betray its secrets." "Our wise men trained to become leaders of the goyim, will compose [materials] which will be used to influence the minds of the goyim, directing them towards such understanding and forms of knowledge as have been determined by us."

Protocol 15 -- The goy Masons are totally manipulated.

After the revolution they will disband all secret societies but until then we will "create and multiply free Masonic lodges" for there "we shall find our principal intelligence office and means of influence... and tie together ...all revolutionary and liberal elements."

hoover.jpg

(left, J. Edgar Hoover in Masonic regalia)

Thanks to Freemasonry: "The most secret political plots will be known to us and will fall under our guiding hands on the very day of their conception. Among the members... will be almost all the agents of international and national police, ...in a position to use their own particular measures with the insubordinate but also to screen our activities [i.e. act on our behalf without blame attaching to us] and provide pretexts for discontents etc. [i.e. provocations]" Hence the role of police and intelligence agencies in our society. If there is a plot against us "at the end will be no other than one of our most trusted servants."

The goy Masons are totally manipulated. "The goyim enter the lodges in the hope of getting a nibble from the public pie." He disparages the goy Masons, "These tigers in appearance have the souls of sheep and the wind blows freely through their heads." We have given them the "hobbyhorse" of "collectivism" even though it violates the laws of nature.

"Isn't this proof the mind of goyim is undeveloped compared to our own? This it is, mainly, which guarantees our success." The author talks about stopping at nothing no matter the sacrifice. He cares nothing about the "seed of the goy cattle" but the sacrifice of Jews has resulted in the betterment of the rest. We hasten the death of those who "hinder our affairs."

harrison (1).jpg

"We execute masons in such wise that none save the brotherhood can ever have a suspicion of it, not even the victims themselves... they all die when required as if from a normal kind of illness. Knowing this, even the brotherhood in its turn does not protest. By such methods we have plucked out of the midst of masonry the very root of protest against our disposition." (See "Rothschilds Murdered at Least Seven US Presidents.")

The superior intelligence of the Chosen People confirms that "nature herself has intended us to guide and rule the world." Describes a paternalistic despotism based on the submission of humanity to what is stronger. In relation to this power, the peoples of the world and even their governments are "only children under age."

Protocol 16 -- Subvert Education and Religion.

"We must introduce into their education all those principles which have so brilliantly broken up their order. But when we are in power we shall remove every kind of disturbing subject from the course of education and shall make out of the youth obedient children of authority, loving him who rules as the support and hope of peace and quiet."

[Cf. Protocol Two- "Think carefully of the successes we arranged for Darwinism, Marxism, Nietzscheism. To us Jews, at any rate, it should be plain to see what a disintegrating effect these directives have had upon the minds of the goyim."]

gender bender.jpg

"We shall erase from the memory of men all facts of previous centuries which are undesirable to us, and leave only those which depict all the errors of the government of the goyim."

"We shall abolish every kind of freedom of instruction... teachers will read what will pass as free lectures... These theories will be raised by us to the stage of a dogma of faith as a transitional stage towards our faith."

"We shall swallow up and confiscate to our own use the last scintilla of independence of thought... [we will] turn the goyim into unthinking submissive brutes waiting for things to be presented before their eyes in order to form an idea of them."

"We have long past taken care to discredit the priesthood of the goyim, and thereby to ruin their mission on earth, which in these days might still be a great hindrance to us... As to other religions, we shall still have less difficulty in dealing with them..."

(Thinking sexual abuse by Catholic priests?)

"The king of the Jews will be the real Pope of the Universe, the Patriarch of an international Church." "...we shall fight against [existing churches] by criticism designed to cause schism..." (Thinking gay marriage?)

thought_police_by_libertymaniacs_7876.jpg

"In our programme, one third of our subjects will keep the rest under observation from a sense of duty, on the principle of volunteer service to the state."

"Just as nowadays our brethren [i.e. Jews] are obliged at their own risk to denounce to the kahal [Jewish council] apostates of their own family... so in our kingdom over all the world it will be obligatory for all our subjects to observe the duty of service to the State..." (Thinking KGB, Stazi or Gestapo?)

Protocol 18 - frequent attempts upon the lives of goy leaders through our agents

"...we have broken the prestige of the goy kings by frequent attempts upon their lives through our agents, blind sheep of our flock, who are easily moved by a few liberal phrases to crimes provided only they be painted in political colors. We have compelled the rulers to acknowledge their weakness in advertising overt measures of secret defence and therefore we shall bring authority to destruction."

alexanderII (1).jpg

[For example, left, Czar Alexander II was assassinated by a bomb in 1881. The Minister of Internal Affairs von Plehve was assassinated in July 1904. Peter Stolypin, the Prime Minister was assassinated in September 1911.]

Protocol 20 - "The purely brute brain of the goyim..."

This deals with the "financial programme" the "crowning and decisive point of our plans." The author's expertise in these matters suggests he is a banker. "When we come into our kingdom our autocratic kingdom will avoid... burdening the masses with taxes remembering that it plays the part of father and protector."

A progressive capital tax will be introduced. "A tax increasing in the percentage of ratio to capital will give a much larger revenue than the present individual or property tax, which is useful to us now for the sole reason that it excites trouble and discontent among the goyim."

220px-War_of_wealth_bank_run_poster.jpg

"Economic crises have been produced by us for the goyim by no other means than the withdrawal of money from circulation."

"The issue of money ought to correspond with the growth of population..."

"The gold standard has been the ruin of the States which adopted it, for it has not been able to satisfy the demands for money, the more so that we have removed gold from circulation as far as possible."

Goy governments can create their own currency and credit. "How clear is the undeveloped power of thought of the purely brute brains of the goyim as expressed in the fact that they have been borrowing from us... without ever thinking that these very moneys, plus an addition for payment of interest, must be got by them from their own state pockets in order to settle up with us. What could have been more simple than to take the money they wanted from their own people?"

Protocol 22 -

quote-money-is-the-god-of-our-time-and-rothschild-is-his-prophet-heinrich-heine-363082.jpg

"In our hands is the greatest power of our day--gold... Surely there is no need to seek further proof that our rule is predestined by God? Surely we shall not fail with such wealth to prove that all that evil which for so many centuries we have had to commit has served at the end of ends the cause of true well-being--the bringing of everything into order?"

"Our Order will be the crown of order, and in that is included the whole happiness of man. The aureole of this authority will inspire a mystical bowing of the knee and a reverent fear before it of all peoples. True force makes no terms with any right, not even with that of God: none dare come near to it so as to take so much as a span away from it."

Protocols 23-24

lionelrothschild.jpg

The "King of the Jews" dynastic heir of King David will be King of the world. He will replace all existing rulers. Otherwise, the Protocols end on a curiously benign note, promising a benevolent government that ensures peace and order in exchange for total submission.

There are many nostrums like: "Unemployment is a most perilous thing for a government. For us its part will have been played out the moment authority is transferred into our hands. Drunkenness will also be prohibited by law..."

"The king of the Jews must not be at the mercy of his passions... the holy seed of David must sacrifice to his people all personal inclinations. Our supreme lord must be of exemplary irreproachability." "Signed by the representatives of Zion, of the 33rd degree."
